

# Lifestyle Evangelism Cycle

## Week 1:

- Notice those people God has put before you.
- Who are your neighbors?
- Who do you sit by in class?
- Who are you working with side by side?
- With whom do you take breaks?
- Get to know them and go ahead and identify yourself with Christ.
- Write down their names and anything that you learn about them on a sheet.
- Check your attitude and do what is expected of you in an excellent way.
- Serve people.

## Week 2:

- Those of you who live on the same floor, start praying together at least once a week.
- Also, begin praying for those that you have listed and make specific prayer points for each.
- Ask questions to find out spiritual interest of each person.
- How do they respond?

## Week 3:

- Within a conversation you have with them, share your testimony.
- How do they respond?
- Ask them if they have ever experienced anything like it.
- Would they be interested in coming to a BSU meeting or Bible study?

## Week 4:

- Are there any opportunities to share the Gospel? Share it.
- Have you shared your testimony yet?

## Week 5:

- Begin to follow up with them.
- Have they thought about what you shared with them last week?
- What did they think about the article/testimony/Bible study?
- If you have already shared the Gospel with them, but they did not receive Christ, don't leave them out in the cold! See if you can hang out with them or get a meal together.
- Keep praying!

## Week 6:

- Have you discovered what is keeping them from accepting Christ?
- Have you given them opportunities to accept Him or discuss these barriers?
- Pray through barriers and keep hanging out with them.

## Week 7:

- Keep praying and hanging out with them!
- Make sure you've been clear on how to accept Christ and have a personal relationship with Him.
