## WHAT DOES IT MEAN TO REALLY BELIEVE?

• I admit to you, Lord, that I have sinned and that I do not deserve to be with you in heaven... but I want to change the direction of my life now... I want to believe in you and follow you.

• I believe that when you died on the cross, you died in my place. I believe that you did this to save me from the eternal consequence of my sin. I believe that you rose from the dead and that you now want to have a personal relationship with me forever.

• Right now, whatever it means to believe in you, I want to do it with all my heart... trusting that you alone can save me from being eternally separated from you. You are my only hope. There is absolutely nothing that I could ever do to make myself worthy of spending all eternity with you. Thank you for what you have done for me.

*If you would like to experience this new life, then pray right now and tell Him.*
